What better way to welcome spring than by helping to clean up the town we all live in! Here in Rockland we have a Spring Clean-up Day every year in April. The Clean-up Day 2014 will be April 20th.

It will start with a town clean-up at 8 0'clock in the morning, and a tree planting activity at the Rockland Park is to follow in the afternoon. One thousand young trees are sure to make the park greener and prettier.

We will divide the people coming to help into eight teams for eight different areas. As usual, we will provide gloves, rubbish bags and other cleaning tools. You will also get free lunches and T-shirts when the clean-up ends at noon. We are going to have a friendly competition to see which team can pick up the most rubbish.

Bring your kids with you. It is a great chance to teach them to care for the environment around us. We have free drinks and chocolate candies for the children at the park.

To us, it seems so natural to put up an umbrella to keep the water off when it rains. But in fact the umbrella was not invented as protection against the rain. Its first use was as a shade(遮蔽) against the sun.

Nobody knows who first invented it, but the umbrella was used in very ancient times. Probably the first to use it were the Chinese, back in the eleventh century BC.

We know that the umbrella was used in ancient Egypt and Babylon as a sunshade. And there was a strange thing connected with its use : it became a symbol of honor and power(权力). In the Far East in ancient times, the umbrella was allowed to be used only by those in high office or by **royal** people such as the kings or queens.

In Europe, the Greeks were the first to use the umbrella as a sunshade. The umbrella was in common use in ancient Greece, but it is believed that the first people in Europe to use the umbrella as protection against the rain were the ancient Romans. During the middle ages in Europe, the use of the umbrella almost disappeared. Then it appeared again in Italy in the late sixteenth century. And again it became a symbol of power.

Umbrellas have not changed much in style during all this time, though they have become much lighter in weight. It wasn't until the twentieth century that the umbrellas for women began to be made in all kinds of colors.
